ReSPARK

Ask Sparky 2.0.

Sparky 2.0 is the AI assistant built into ReSpark. Ask the way you'd ask a coworker, with your own suppliers, materials and numbers. Sparky answers with a chart, a table or a straight number, or drafts the work for you to approve.

Sparky answers with a chart, table or number **Sparky does it.** It drafts the work, you click Approve

REPORTS & CHARTS

- Top 10 suppliers by tonnage this quarter
- Average price I paid for brass, by month
- Build me a weekly copper purchases report by supplier REPORT STUDIO
- Explain the Margin by material card on my Copper Margins report REPORT STUDIO
- Show that card by supplier instead, for last quarter
- Add a 5,000 lb target line and highlight suppliers under it

YOUR CUSTOMERS

- Who should I reach out to reactivate?
- Write a text I can send to Hopper Demolition
- Which accounts are growing fastest?
- Do I have concentration risk on the buy side?
- Any retail accounts ready to go commercial?

PRICES & THE MARKET

- What's the COMEX copper price today?
- Anything unusual in this week's price sheet?
- What's my margin on #2 copper if I sell at $3.40?
- Extract the prices from this vendor price sheet

You're always in control. Nothing saves until you click Approve. Sparky can only see and do what you can, and it won't write over a teammate's change.

TICKETS

- Show me the tickets that are weighed but not priced yet
- Break ticket #23064 down by material
- Mark inbound ticket 10432 as approved
- Mark outbound ticket 8820 as shipped
- Add an internal note to 10432: driver arrived late

PURCHASE & SALES ORDERS

- What POs are still open with Lakeshore Steel?
- Create a PO to Lakeshore Steel for 50,000 lbs of shred at $0.09
- Create a sales order to Northshore Metals for 2 loads of aluminum at $0.60
- Close all open POs at North Yard

INVENTORY

- Where do I have negative inventory?
- What can I pull from to clear my negative #2 copper?
- Enter all the regrades from this production report
- Regrade 10,000 lbs of mixed copper into #2
- Adjust #1 copper down 500 lbs for shrinkage

HANDY

- Find duplicate customers
- Export that to a spreadsheet
- Take me to the packing lists
- How do I set up a price sheet?
- Remember that I run payments on Fridays
